# 3 THINGS LEADERS DO

Superheros are not bosses. They do 3 things very well, while bosses do these 3 things poorly. Read the 3 things that leaders do and write out how you can be a leader not a boss below:

1

**Leaders help themselves.**

**Bosses demand help.**

**How did you help yourself?**

2

**Leaders watch their words.**

**Bosses don't think about feelings.**

**Did you watch your words?**

3

**Leaders have manners.**

**Bosses don't care about others.**

**Did you have manners?**

# SUPERHEROES ARE...

Superheroes are great problem solvers because they have the right attitude. They think like leaders, not bosses. You can use the options below to check if you have been looking at the problem like a boss or like a leader. Just circle the one you have been doing then think about how you can improve Boss habits with ideas from the Leader habits on the other side:

## LEADER

- asks
- gives advice
- shows how to do things
- values empathy and equality
- admits mistakes
- earns and deserves respect
- investigates
- fixes problems with others
- inspires people
- develops people

## BOSS

- commands
- criticizes
- tells people what to do
- rules with threats, not law
- knows everything
- demands respect
- depends on hearsay
- places blame on others
- pushes people
- uses people

... LEADERS, NOT BOSSES.

# A LEADER'S MINDSET

**Instructions:** Leaders think differently. They remember to consider all of the **5 thoughts** when trying to solve a problem. Write out a problem you have or have noticed and your answers to the 5 thoughts:

**HOPES:** The goal

**LOVE:** Why it is important

**SAY:** What you should say

**THINK:** Your guesses

**SEE:** Facts you need

# EVERYONE HAS GENIUS

We play and work with others everyday. Every person looks different, has a different personality, and interest. There are also all kinds of different talents and weaknesses.

At times we miss the important ways that other people are special because we are frustrated by something they are not doing well.

Every person has their own genius thing that they are extra special at. Many kids haven't found their own special talent yet, some already have so they can help others using it.

**When we are working together it is important to remember the following:**

## MY GENIUS:

-----  
1 thing I am the great at

-----  
why this is my special talent

-----  
1 way I can help others with my skill

## TALENTS OTHERS HAVE:

-----  
Person and their talent

-----  
Why their talent is special

-----  
1 way their talent can help others

## HOW OTHERS CAN HELP:

-----  
1 way you have seen someone help others

-----  
How they used their genius

-----  
Why that was important

## HELPING OTHERS HELPS YOU:

-----  
1 way you helped someone

-----  
How you used your genius

-----  
How you made a difference
